Noida, Uttar Pradesh, 201301

PROFESSIONAL SUMMARY

Results-oriented Software Engineer with hands-on experience in **Python development**, web frameworks (**Django, Flask**), and **cloud-native microservices** using **AWS Lambda, S3**, and **Cognito authentication**. Adept in **API development and testing**, automation using **Selenium**, data handling with **Pandas**, and database management with **MySQL**. Proven ability to deliver scalable, secure solutions across development and QA pipelines. I am skilled in **manual and automation testing, Tableau reporting**, and using tools such as **GitHub, JIRA**, and **HP ALM** for efficient SDLC management. Demonstrated success in driving product quality and continuous integration in agile environments.

SKILLS

Tech Stack: Python, Django, Flask, Pandas, Numpy, Beautiful soup, Selenium, OpenPyxl, PyTest, Paramiko, Boto3, NumPy, MySQL, HTML, CSS, DSA, Jinja2 Templates

Tools & Platform: Informatica, Tableau, JIRA, Confluence, GitHub, Zendesk, Postman, AWS (Lambda, Cognito Auth, S3 Bucket, IAM, SQS), AP-ALM, Test-Trail, Cloudflare

Process Improvement: Microservices Architecture, Agile Methodologies, Continuous Improvement and Development, Application Support, Team Leadership, Backlog Grooming

EXPERIENCE

Tata Consultancy Services

Systems Engineer

Role: Python Developer | Automation Engineer

Account: Pfizer (Life Science)

Noida, Uttar Pradesh

August 2023 – Present

- Working as an Automation Engineer with a strong focus on building scalable automation solutions and POCs using **Selenium, Pandas, WebDriver, and Python modules like requests and JSON**. Successfully completed 12 Proofs of Concept to streamline test processes and system validations. Developed and deployed microservices **leveraging AWS Lambda, S3, and Cognito Authentication** for secure, event-driven architectures. Worked extensively with **SOAP APIs**, including crafting and parsing complex request/response **XML** structures. Implemented robust data management solutions using **MySQL** for database operations and **openpyxl** for Excel file processing and automation. Additionally, built a Vaccine Planner Tool using **HTML, JavaScript, and CSS**, enhancing public utility functionality. Recognized with the **"Star of the Month"** award for exceptional contribution and innovation.

Tata Consultancy Services

Assistant System Engineer

Role: Microservice Developer | Data Engineer

Account: Pfizer (Life Science)

Noida, Uttar Pradesh

August 2022 – August 2023

- Led the **end-to-end development of a Python-based microservice**, handling everything from design to deployment. Utilized **Python, Pandas, Para-Miko**, and **SFTP** for secure data processing and transformation. Designed and developed robust **REST APIs** and integrated them with **AWS services** including **Lambda, Cognito Authentication, S3**, and **SES** for seamless serverless execution and communication. Employed **Jinja2 templates** for dynamic content generation in automated email workflows. Collaborated with cross-functional teams and ensured code quality, security, and performance. Successfully delivered the project under tight timelines and received **3 formal appreciation notes** from stakeholders for technical excellence and leadership.

Tata Consultancy Services

Assistant System Engineer Trainee

Role: Analyst

Account: Pfizer (Life Science)

Noida, Uttar Pradesh

August 2021 – August 2022

- Led a QA team of 20 members in executing manual testing activities across various phases of the SDLC. Actively involved in client interactions to gather and clarify business requirements, functional specifications, and security matrices. Spearheaded the creation of comprehensive test scenarios, test cases, and test scripts, with execution and tracking done in **MS Excel, JIRA, Test-Rail and HP ALM**. Performed extensive database testing and validation using **SQL queries** to ensure data integrity and accuracy across different database environments. Oversaw defect reporting, retesting, and ensured timely delivery with high-quality standards. Recognized for outstanding performance with the "Star of the Month" award for leading critical project deliveries under tight deadlines.

EDUCATION

Institute of Technology and Management, GIDA	Gorakhpur, Uttar Pradesh
Bachelor of Technology CGPA: 8.54/10	August 2017 - August 2021
Computer Science and Engineering	
Saraswati Vidya Mandir Senior Secondary School Ram Bagh	Basti, Uttar Pradesh
Senior Secondary School Percent: 73.8/100	April 2016 – April 2017
Mathematics (CBSE Board)	
Saraswati Vidya Mandir Senior Secondary School Ram Bagh	Basti, Uttar Pradesh
Secondary School CGPA: 9.2/10	April 2014 – April 2015
Mathematics (CBSE Board)	

AWARDS & RECOGNITIONS

• On the Spot Team Award	May, 2025
• Appreciation Certificate	September, 2024
• Star of the Month	September, 2024
• Service and Commitment Award	August, 2024
• Elevate Wings Award	August, 2023
• Elevate Wings Award	August, 2023
• Elevate Wings Award	November, 2022
• Star of the Month	May, 2022
• Appreciation Certificate	December, 2021
