

ABHISHEK MISHRA

System Engineer | Python Developer | Microservice Developer | Data Engineer

+91 8874036548 | mishraabhi8924@gmail.com | [LinkedIn](#) | [GitHub](#)

Noida, Uttar Pradesh, 201301

PROFESSIONAL SUMMARY

Results-oriented Software Engineer with hands-on experience in **Python development**, python frameworks (**Django**, **Fast-API**), and **cloud-native microservices** using **AWS Lambda**, **S3**, and **Cognito authentication**. Adept in **API development and test-driven development**, data handling with **Pandas**, and database management with **MySQL**. Proven ability to deliver scalable, secure solutions across development and QA pipelines. Skilled in tools such as **GitHub**, **JIRA** for efficient SDLC management. Demonstrated success in driving product quality and continuous integration in agile environments.

SKILLS

Tech Stack: Python, Fast API, Django, Pandas, Selenium, Py-Test, Para-Miko, Boto3, NumPy, MySQL, HTML, CSS, PostgreSQL, DSA, Jinja2 Templates

Tools & Platform: JIRA, Confluence, GitHub, Zendesk, Postman, AWS (Lambda, Cognito Auth, S3 Bucket, IAM, SQS, SES), Cloudflare

Process Improvement: Microservices Architecture, Agile Methodologies, Continuous Improvement and Development, Application Support, Team Leadership, Backlog Grooming

EXPERIENCE

EMIDS

Senior Consultant

Role: Microservice Developer

Account: NASCO (Healthcare)

Noida, Uttar Pradesh

December 2025 – Present

- Developing and deploying scalable **microservices using Fast API with AWS cloud services**, ensuring high performance and reliability. Automated CI/CD pipelines and integrated RESTful APIs to deliver secure, production-ready solutions.

Tata Consultancy Services

Systems Engineer

Role: Python Developer

Account: Pfizer (Life Science)

Noida, Uttar Pradesh

August 2023 – December 2025

- Python Developer with expertise in building scalable solutions and tools. Proficient in Python libraries like **Pandas**, **Requests**, and **JSON**, and experienced in working with Selenium and WebDriver for automation. Completed 12 POCs to optimize workflows and system validations. Developed **microservices using AWS Lambda, S3, and Cognito for secure, event-driven architectures**. Skilled in working with **SOAP APIs**, including crafting and **parsing complex XML requests/responses**. Built a Vaccine Planner Tool using HTML, JavaScript, and CSS to improve public utility. Recognized with the **"Star of the Month"** award for innovation and impactful contributions.

Tata Consultancy Services
Assistant System Engineer
Role: Microservice Developer
Account: Pfizer (Life Science)

Noida, Uttar Pradesh
August 2022 – August 2023

- Led the **end-to-end development of a Python-based microservice**, handling everything from design to deployment. Utilized **Python, Pandas, Para-Miko**, and **SFTP** for secure data processing and transformation. Designed and developed robust **REST APIs** and integrated them with **AWS services** including **Lambda, Cognito Authentication, S3, and SES** for seamless serverless execution and communication. Employed **Jinja2 templates** for dynamic content generation in automated email workflows. We **created logging and ticket mechanism using GCP monitoring tools**. Collaborated with cross-functional teams and ensured code quality, security, and performance. Successfully delivered the project under tight timelines and received **3 formal appreciation notes** from stakeholders for technical excellence and leadership.

Tata Consultancy Services
Assistant System Engineer Trainee
Role: Analyst
Account: Pfizer (Life Science)

Noida, Uttar Pradesh
August 2021 – August 2022

- Led a team of 20 in the development and deployment of Python-based applications using **Fast-API and Django**. Actively collaborated with clients to gather business requirements, functional specifications, and security guidelines. Led the design and implementation of **RESTful APIs**, ensuring scalability, performance, and security. Managed project timelines, tracked progress with **JIRA**, and facilitated seamless communication across teams. Recognized with the **“Star of the Month”** award for delivering high-impact solutions under tight deadlines.

EDUCATION

Institute of Technology and Management, GIDA
Bachelor of Technology | CGPA: 8.54/10
Computer Science and Engineering

Gorakhpur, Uttar Pradesh
August 2017 - August 2021

Saraswati Vidya Mandir Senior Secondary School Ram Bagh
Senior Secondary School | Percent: 73.8/100
Mathematics (CBSE Board)

Basti, Uttar Pradesh
April 2016 – April 2017

Saraswati Vidya Mandir Senior Secondary School Ram Bagh
Secondary School | CGPA: 9.2/10
Mathematics (CBSE Board)

Basti, Uttar Pradesh
April 2014 – April 2015
